

The Arbors

Snow-Removal Services Opt-Out Request

Arbors homeowners are entitled to snow-removal services for driveways and sidewalks. Contractors shall remove snow from all driveways and sidewalks when the depth has reached at least 3 inches, except for homes where the owners have elected to “opt-out” of services.

Driveway snow removal

Sidewalk snow removal

If you DO NOT wish to have a particular service performed, check the box in front of the service and return this form by October 30th to Rj Community Management at the address below. If you want both services provided by the Association, you do not need to take any action.

Homeowners who choose to opt-out of selected snow-removal services become personally responsible for their own snow-removal. Please be aware, that once a homeowner opts-out of any service, the choice remains in effect until RJ Management and the Board are notified otherwise.
