

Worthington Homeowners Association

Alteration Instructions

Attached is a form, approved by the BOARD OF DIRECTORS, for you to use to request permission to make alterations to the exterior of your condominium such as: installing awnings, patio extensions, additional shrubs, satellite dishes, etc. Please keep this form until you wish to make an alteration, then fill it out and return it Rj Community Mgt. The questions are self-explanatory. Alterations must be approved in writing, by the Board of Directors before you begin work.

If you have already made an alteration and not received approval, you are in violation of the Declarations of Covenants, Conditions and Restrictions of the Worthington Homeowners Association. If the Board of Directors does not subsequently approve the alteration, be advised that you will, at your own expense, be required to remove the alteration.

If you have any questions or require another form, please contact Rj Community Mgt. at 412-550-0003, or email your Community Manager Peter Rubash at info@rjcmgt.com.
